PRELIMS REVISION & PRACTICE

Course for CSE 2026**LIVE-ONLINE Only****#QualityGuidanceMatters****DELHI | PRAYAGRAJ | JAIPUR** [nextias.com](https://www.nextias.com)

Starts on

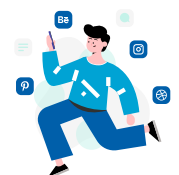

**2nd FEB
2026**

Prelims Revision & Practice Course for GS Paper - I

Prelims Revision & Practice Course is built to help you attempt Prelims the right way, whether it's your first attempt or not.

Most aspirants don't fail because they don't study, they **fail due to directionless revision, feedback-less practice, and late realisation of mistakes.**

This program fixes that before the exam. You learn **what to revise, what to skip, how to recognise question patterns,** eliminate options confidently, and control your attempts. Guesses reduce, accuracy improves, and confidence stabilises.

Without adding more content, **Prelims Revision & Practice Course** helps you focus on **high-probability areas, avoid syllabus blind spots,** and make each **revision cycle sharper** than the last. If you've covered the syllabus once but still feel unsure about revision and attempts, this program brings clarity and structure.

It builds a **true Prelims mindset, thinking in options, spotting patterns,** and making **smarter decisions under pressure.**

Not about studying more. About revising smart and attempting wise.

Prelims Revision & Practice Course Schedule

#	SUBJECT	SESSIONS	HOURS	TIMELINE	CLT's*	SLT's*	SLT DATE

3. Question papers and solutions are **exclusive to enrolled students**. Unauthorized circulation may attract strict action.
4. **Timelines mentioned are best-effort commitments** and may change due to technical or operational reasons.
5. Technical issues can be reported via the **student portal** or at **prp@nextias.com | 9*******
6. Program delivery is in **Online mode** and recorded content is **non-transferable**.
7. NEXT IAS **reserves the right to modify program structure** or terms in students' academic interest. Management decisions are final.

Prelims Revision & Practice Course Features

Structured Prelims Plan You Can Stick To

This program runs on a predictable, exam-aligned rhythm, focused on **revision**, Immediate **MCQ practice** and a tightly **sequenced plan** for maximum output. This helps you build a **daily routine** that **compounds**, instead of random study bursts that fade.

Structured Plan

140 Hours That Respect Your Time

140 hours of live classes across **56 focused sessions** (2.5 hours each), spread over **65 days**. With just one session a day, you get enough **breathing space** to **revise, practice, analyse**, and actually **absorb what you study**, rather than rush from class to class.

140 Hours

Complete Coverage- No Blind Spots (PYQ-Driven)

The entire syllabus is covered, but not equally. **Topics are prioritised** using **PYQ patterns**, recurrence, **exam probability**, **current-static linkage**, and areas students repeatedly miss. In simple terms: you **learn how to revise what actually matters**.

No Blind Spots

Practice Built Into Every Session

Every class ends with a **15 high yielding question MCQ test** based on that session's content. This ensures: You **practise while the topic is fresh**, Weak areas surface immediately, Revision doesn't stay theoretical Practice is not postponed. It's **non-negotiable and immediate**.

Revision + Practice

Prelims Revision & Practice Course Features

Crisp Revision friendly Handouts

Each session comes with: **Concise, exam-focused handouts**, PPT-based structured learning for clarity and recall **No bulky PDFs**. **No content overload**. Only what you need to **revise fast and recall faster**.

Crisp Handouts

Testing That Matches the Way Prelims is Cracked

Testing is **layered and purposeful**: **Topic-wise MCQs** in every session, **Sectional tests** after completion of each subject and **3 full Length Tests** at the end. This ensures you move from: **topic confidence** → **subject control** → **exam readiness**.

Layered Testing

Online Classes With Recorded Access

All classes are **conducted online**, **Recorded access** is available for **revision** and backlog management. So missing a class **doesn't mean losing momentum**.

Online Classes

Sessions by Specialised Prelims Expert Team

Sessions are led by **subject experts** specialising in **Prelims-focused content**, **theme identification**, and **question creation**, with a deep understanding of exam trends and recurring pitfalls, emphasising accuracy, smart elimination, and well-judged attempts to keep **learning sharp and exam-oriented**.

Prelims Focused Teaching

Target Prelims Doesn't Try To Make You Study Everything. It Trains You To Score More From What You Already Know.

Yes, We Thought of That

Who is this program really meant for?

Students who have **covered the syllabus once but feel scattered**, unsure what to **revise**, or unable to convert preparation into Prelims marks.

I've failed Prelims earlier, how does this program help me?

It directly addresses common failure points: **syllabus blind spots**, **Prelims oriented learning**, attempting, elimination, anxiety, and exam-day panic.

How will I know if I'm actually improving?

Through **structured analysis** focused on **accuracy**, attempt quality, and recurring **mistake patterns**, not just raw marks.

How much daily time will this realistically require?

About **3 hours a day**, designed to fit alongside ongoing preparation without burnout.

Why is the fee kept affordable this year?

This is the **launching-year fee**, kept intentionally lower to make the program **accessible to serious aspirants**.

What You Don't Get ?

» It will NOT teach basics from scratch

We are assuming that you have **already studied the syllabus once**. If you are looking to learn subjects from basics, this program is not designed for that.

» It will NOT overload you with content

There are **no bulky notes**, **no endless PDFs**, and no "just in case" topics. Everything here is selected because it actually shows up, or influences Prelims.

» It will NOT cover CSAT for CSE 2026 Prelims

This program **focuses only on GS Paper-I (Prelims)** to ensure sharp, undiluted preparation where your **Prelims score is actually decided**.

» It will NOT guarantee selection or promise miracles

No honest program can. What it does promise is a **smarter way to prepare**, so that your effort translates into marks.
